Reasoning			
Visuo-spatial		X	

Items to monitor the ability to spatial visualization

1. Observe the constructions A , B and C represented in the figure, made with congruent cubes stacked on top of each other.

Construction A

Construction B

Construction C

The volumes of constructions A , B and C are referred to as V_A , V_B and V_C , respectively.

Mark with **X** the option in which the building volumes are correctly ordered.

$V_A < V_B < V_C$

$V_A < V_C < V_B$

$V_B < V_C < V_A$

$V_B < V_A < V_C$

Project Number: 2018-1-IT02-KA201-048274

2. In the grid shown below, the front view and the top view of one of the solids *A*, *B* or *C* are drawn.

Which of the solids is represented?

A

B

C

Answer: _____
